Governor's Labor Committee Begins Meetings Jan. 10

The Florida citizens advisory committee on migrant agriculture will hold a public hearing in Belle Glade Tuesday, Jan. 10 at 9 a.m. at the city hall, according to Emmett S. Roberts, chairman.

The first in a series of meetings throughout the state will be open to the public.

Belle Glade was selected by the committee members as the site of the first meeting due to its location in the center of the winter vegetable area and the large number of migrant population present.

Also it was felt that great progress had been made in this area with the migrant problem over the years.

A number of local farmers, labor harvesters and members of various state agencies as well as local officials, will be invited to present their views.

Florida is faced with an ever increasing influx of agricultural laborers which now is estimated to be near 80,000 persons. The areas to which they migrate in large numbers face many problems such as: housing standards, health, education and welfare.

Newspapers and other reports have pointed out in recent years those areas where the migrant laborers are becoming increasingly serious, and the local communities find themselves unable to provide the answer.

The committee appointed by Governor Collins in October is composed of some 18 citizens representing agricultural, labor, labor and private citizens in the state whose primary purpose is to formulate recommendations toward improving conditions in the migrant agricultural field.

Also they will be planning to effect a closer coordination and liaison among communities, state and federal agencies already working in this field.

Five or more states along the eastern seaboard have now appointed state committees to investigate this problem to help improve the above conditions. The President's Commission on Migratory Labor is also expected to make some recommendations in the near future.

The committee which meets here Tuesday will hold meetings in February in Homestead, in March in Orlando, in April in Immokalee and other locations deemed necessary.

Midnet Cage Schedule Sought For Youngsters In Elementary School

Plans for this year's midnet basketball teams will be mapped next week as a result of two meetings held yesterday morning at the high school.

Yesterday teachers Calvin Peacock and John McCall will have to meet with all interested youngsters at the elementary school to find out who wants to play ball.

The midnet basketball team is another facet of a year-round program for young boys designed to teach teamwork, sportsmanship, citizenship and also to provide lower echelon training for potential varsity players in basketball, baseball and football.

Last year about 50 boys made up three teams for the midnet tilts.

Today, McCall and Peacock will meet with Polk Morris, Frank Hobson, principal of Belle Glade High.

The purpose of this meeting is to decide on how many teams, their schedule and other details pertinent to the organization.

It is expected that the midnet teams will play ball on all the engagements of the varsity preceding the "B" game.

Paul Rardin Named To Take Reins Of County Commission

Paul Rardin, Canal Point, a member of the county commission since 1944, was named chairman of the board Tuesday, succeeding Commissioner Ben Sundry, Delray Beach.

Rardin, who is chairman of the commission's annual reorganization meeting was Kenneth Foster, West Palm Beach district commissioner.

Rardin, who moved up from the vice chairman's post following the board's policy of rotating the chairmanship, will be serving his second term as head of the county commission. Foster, also a former chairman of the board, will be starting his second term as vice chairman, having held that office previously in 1950.

Foster, who nominated Rardin for the chairmanship, said it was a pleasure and a privilege to submit the Canal Point man as a man who had done an outstanding job for the people of Palm Beach County and particularly the Everglades section.

In succeeding Rardin's nomination, Roy Michael, commissioner of the county, said "it is certainly not the intent of the board to nominate anyone else for the chairmanship. . . it will be a pleasure to serve with him and under him."

After J. Alex Arnette, circuit court clerk and clerk of the board, will be starting his second term as vice chairman, having held that office previously in 1950.

Foster, who nominated Rardin for the chairmanship, said it was a pleasure and a privilege to submit the Canal Point man as a man who had done an outstanding job for the people of Palm Beach County and particularly the Everglades section.

Miller Rites Held Monday Afternoon

Last services for Linton Miller, 52, pioneer resident of South Bay, who died unexpectedly Saturday morning at his home, were held at First Baptist Church, Monday afternoon, at 2 o'clock. The Rev. John Cooper officiated, with American Legion, and a large number of friends.

Mr. Miller, who had been in ill health for some time, died of a heart attack. He was a native of South Bay, and came to South Bay 25 years ago and was engaged in farming.

He was a World War II Veteran, a member of the American Legion Post 161.

Survivors include his wife, Mrs. Mattie Miller, two daughters, Mrs. Billy Miller and Miss Linda Miller, all of South Bay; three sisters, Mrs. Cleo Higgins, Mrs. Mary Miller, Mrs. B. F. Brown, Register, Ga.; Mrs. James Hubbard, Opelika, Ala.; five brothers, Grady Miller, Oren Miller, Marvin Miller, South Bay; Clayton Miller, Newark, Ohio, and Coleman Miller, Stillton, Ga.

Funeral services were held at 4:45 p.m. at O'Neal Walker, Gordon Bowen, M. J. Hardy, Henry Eilers, Jack Parker and Bill Murray. Burial was in Port Mayaca Cemetery.

Son Of Mrs. Smith Injured In Accident

Benny Gehring, 25, of Crescent City, son of Mrs. Grace Smith of 156 W. Ave. A, is in critical condition in St. Vincent's Hospital, Jacksonville, when his car overturned on a wet slippery road three miles from Palatka last Friday evening at 6:45 p.m.

Mrs. Smith, accompanied by Mrs. Annie Clayton, left immediately for Jacksonville to see the doctor. Mr. Gehring was taken to Glendale Hospital in Palatka and later moved to St. Vincent's Hospital. Doctor reported he is paralyzed from chest down and in critical condition. He was released from the hospital on Saturday and returned to Crescent City in November.

Mrs. Smith returned here Tuesday and left Wednesday night for Jacksonville to be with her son.

Construction Boom Here Pushes Building Permit Values Half A Million Over 1954

Building permits issued in December were nearly triple that of November and the over-all year permit declared value exceeded the previous year by half a million dollars.

City Inspector W. L. Cunningham, Sr., in his monthly and annual reports, states that 109 permits were issued last month as compared to 43 in November. Total permits issued in 1955 totaled 706.

These permits included new homes, hotels and rooming houses, new churches, additions and repairs, plumbing and electrical work, buildings to be moved, and the erection of TV antennas.

Cunningham said 13 permits were issued for demolition purposes.

Valuation of the permits was \$64,160 during December and a yearly total of \$1,457,293. This was \$512,598 more than 1954. The value of these permits has totaled \$6,192,572 since 1946 for an annual average of more than \$750,000 per year.

The actual breakdown of types of construction for this year is as follows:

Type	Permits	Valuation
New homes and duplex	75	\$631,000
Hotels and rooming houses	16	274,150
Business buildings	3	70,700
Additions and repairs	240	328,018
New churches	1	50,000
New automobiles	21	25,072
Plumbing and electrical	137	74,453
Buildings moved	8	
Permit renewals	13	
Demolitions	13	
Total	706	\$1,457,293

Cold Weather Not Enough To Hamper Crop Volume Here

This week's vegetable report from the Market-News Service here indicated that supplies of cabbage were in liberal supply while other crop supplies were not as good.

No frost has damaged any areas south of the Lake, although some scattered frost was reported on the west side. The cold weather may slow down development of some crops but shouldn't hurt them.

Last Thursday and Friday saw the largest volume to date in this area on all crops. The picture this week as to demand and supply is as follows:

Commodity	Demand	Supply
Beans	mod	mod-high
Cabbage	fair	low
Corn	low	low
Endive	mod	mod
Escarole	mod	mod
Iceberg lettuce	low	mod
Boston lettuce	mod	mod
Romaine	mod	mod
Peppers	slow	low
Spinach	mod	mod
Radishes	good	high

Three Juveniles Caught After Robbing Parking Meters Will Stand Trial

Three juveniles were arrested and charged with stealing money from parking meters here over New Year's eve, according to City Investigator V. R. Clark.

Clark said the boys were turned over to juvenile aid director Mosher here and transported to West Palm Beach for a hearing before Judge Robbins next Monday.

The boys, aged 12, 13 and 14 were caught while still in possession of the money. They confessed to breaking open four meters, one in the older theater building, one behind a hotel, and a fourth under the Main St. bridge.

The fourth was thrown into the canal and has not been recovered.

Slaughter Prices Generally Higher At Glades Market

The Glades Livestock Market combined sales this week saw 393 cattle selling for \$39.712.90, according to the market's weekly report.

Monday's sale had 250 cattle selling for \$37.41.80, consisting of 39 calves, 12 yearlings, 3 heifers, 121 cows, 66 steers and 9 calves. The market was 80% and 85% of the money going to the slaughter.

Wednesday's sale had 143 calves, 14 calves, 4 yearlings, 14 heifers, 24 cows, 82 steers and one bull, with 80% of the money going to slaughter.

WYman 6 Prefix Will Be Added To Local Telephones

The First Step Toward The Day When Persons Can Dial Their Own Long Distance Numbers Will Be Made Effective Here Mar. 4.

The new numbering system is known as the "2-5" numbering plan, since it involves dialing the first two letters of the office name plus five numerical. He got 10 of them in the second quarter, and played little in the second half. Dick Moody got 11 for the Hawks.

WYman 6 is the office name to be used here. For example, The Herald's number, 2056, will be changed to WYman 6-2056, and callers will dial WY 6-2056.

Every telephone number in the Belle Glade exchange, including the 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, FROM FARM TO TABLE

It's a long way from live stock grazing on farms and ranches to cuts of meat on our dining tables. The distance averages something like 1,000 miles. Heavy and unavoidable processing and transportation costs are involved.

Yet the producers of the livestock actually get 53 cents out of each dollar the consumers of the try spend for meat. This, incidentally, is much higher percentage than for such items as wheat, as shown by Department of Agriculture figures. There is no waste in the country's packing industry. It operates at top levels of economy and efficiency, and with very moderate margins of profit.

Another point is important. Lately there have been sharp declines in hog prices. But pork prices at retail have gone down to a lesser extent. There is no mystery why this is so. Costs of processing, transportation and distribution—which amount to 47 cents out of each dollar paid for meat at retail—do not go down when livestock prices go down. Indeed, in the case of meat, these costs have risen steadily—for instance, the wage for common labor in the packing industry is nearly triple the 1945 level. Whether livestock prices rise or fall there are many costs which remain the same or increase, and over which nobody in the meat industry—either packers or retailers—has any control. The costs are there and they have to be paid in order to get perishable foods into consumption.

By the same token, when the livestock price trend is upward the opposite usually happens—meat prices rise more slowly than livestock prices. In either situation, both producer and consumer get the best benefit possible.

COMPETITION AND NATURAL GAS

General Ernest O. Thompson, a member of the Texas Railroad Commission and an internationally known authority on petroleum conservation, recently had something important to say about what continued federal regulation of independent natural gas producers—a situation brought about as a result of a Supreme Court decision—will lead to.

Under this regulation, he said, the consumer of natural gas will get a less dependable supply both in quantity and in length of years. He continued: "This is not in the interest of the consumer or the producer, and will stifle progress and make gas scarce. Natural gas producing should be a free field where competition is allowed to reign. It is the free competitive effort among producers that makes the gas available to the consumer; and the consumer, after all, is the man we are trying to serve."

General Thompson then pointed out that we are producing natural gas at record rates, and that 47 states now have pipelines. Yet the demand increases faster than the pipeline capacity. He added: "I cannot see how the natural gas producing business can continue to expand to meet the ever-growing needs of the American people with the threat of federal control hovering over the horizon."

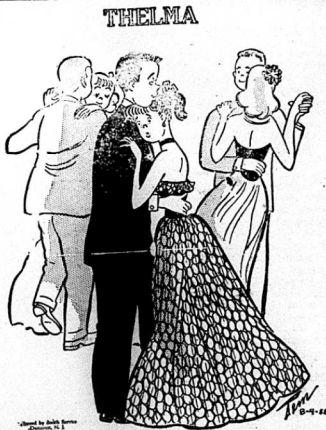

The Harris bill, to free independent gas producers from federal regulation, has passed the House. Under the name of the Fulbright bill, it will come before the Senate. It has strong bi-partisan support. Here is a measure the nation urgently needs.

FUEL HUNGRY NATION

Two recognized authorities recently gave their views on the future role of atomic energy in electric power production—and its possible effect on the conventional fuels, such as coal. These informed opinions will come as a considerable surprise to those who may think that the atom will soon make all other energy sources obsolete.

Chairman Strauss of the Atomic Energy Commission said that "we need atomic power, not to supplant conventional sources of electricity, but to supplement them." The additional power, he added, will be needed to "keep up with our steadily mounting demand for electrical energy which has been doubling about every 10 years." He then pointed out that conventional fuels are an exceedingly economical source of power.

The president of a utility company which is a major user—the American Gas & Electric Company—made it clear that it would be a great and regrettable error to neglect further development of conventional power sources. Coal, in his view, will meet the challenge of the atom through constantly improved marketing and production. In 1965, he then

"You Move So Lightly At My Touch—
Just Like My Old Jalopy."

forecast, 203,000,000 tons of coal will be needed annually for electric generation, and this will jump to 463,000,000 tons by 1975. By contrast, atomic-generated electricity will amount to the equivalent of only 15,000,000 tons of coal in 1965, and will increase to the equivalent of 37,000,000 tons in the 1965-75 decade.

This means that we will need more and more energy from all available sources.

BY THE BACK DOOR

The question of just how far government should go in providing medical care for veterans is a recurrent one—and it is also exceedingly controversial and touchy. It provides room for widely divergent yet equally sincere viewpoints.

The Hoover Commission report on the subject has been aggressively criticized. Some of the criticisms may be sound. Yet, by and large, the Commission pointed to abuses which could be eliminated without in any way endangering the benefits of deserving and needy veterans. Care for non-service-connected disabilities is a case in point. While these patients must file statements of inability to pay, the Veterans Administration is prohibited from challenging veracity. A random General Accounting Office sampling of 336 declarations by veterans showed that many had substantial assets—\$500,000 in one case. The Commission's recommendation that an inability to pay statement be subject to verification is certainly reasonable.

More important, in the long pull, is the future picture. We have millions upon millions of veterans and their number will continue to increase rapidly. It is well within the realm of possibility and even probability that all-inclusive government medical care for veterans, regardless of what happened to them while in service, could lead to socialized medicine by the back door. We would get it even though the vast majority of Americans, veterans included, don't want it. This point should be an over-riding consideration in any appraisal of the issue.

YOU CAN' WIN \$64,000!

The radio-TV program, "The \$64,000 Question," has received an enormous amount of publicity. And here's a fact that most people may have overlooked—even though a contestant answers all the tough questions, right to the end, he can't possibly win \$64,000. He'll get a perfectly good check for that amount, of course. But—assuming he is a single man earning \$4,000 a year—the check would have to total \$448,711 before he'd have \$64,000 to keep for himself, free and clear.

Why? The answer is: The federal income tax. It goes up so far and so fast that it becomes virtually confiscatory in upper brackets. A man who does take the long chances and wins the \$64,000, actually gets to keep about \$25,000—well under half.

Larson Says Insurance Companies Must Meet New Rigid State Law

State Treasurer and Insurance Commissioner J. Edwin Larson has reminded life insurance companies that policies proposed for sale in Florida must now meet the rigid specifications of the new Standard Provisions law.

Prior to enactment of this law, which became effective last May, the Florida Insurance Commissioner had no statutory power to disapprove objectionable life insurance policies sold in this state. The old law simply required companies to file policies proposed for sale in Florida with the Insurance Commissioner after a two-year period and other protective features.

The new statute requires the inclusion of certain minimum provisions such as a 30-day grace period for delinquent policyholders, that the policy shall be incontestable after a two-year period and other protective features.

Commissioner Larson has established a Life Actuarial Section within the Insurance Department for the express purpose of enforcing the new Standard Provisions law. This section has been charged with the responsibility of screening all policy forms sub-

mitted. It will also investigate complaints for Florida policyholders in life insurance matters.

The Lighthouse on Lake Superior, at Split Rock, north of Duluth, is one of the highest in the United States.

The elevators in the Rockefeller Center carried a billion passengers in the first 20 years of operation—almost half of the world's population.

Magazine Tells How To Stay Out Of Debt Easily

The following article is from the publishers of "Changing Times" magazine. The information contained herein should answer your own problems on the subject, "How Much Debt Can You Afford?"

How much debt can your budget stand? How do you decide whether not to take on additional debt? Each month people have been borrowing one dollar for every six they spend, adding 6 of new installment debt for every 6 they repay. Alarming? Yes, say the editors of "Changing Times."

There are yardsticks to use to see whether or not your family

financial operations, both in business and at home. If you have debts on personal loans you are not alone; 55% of people in this country do, too. But among these folks, the majority devote less than 20% of after-tax income to making

EVERGLADES FEDERAL SAVINGS AND LOAN ASSOCIATION, INC., Plaintiff
vs.
BELLIE GLADE, a corporation, Defendant
Being under the laws of the United States of America.

NOTICE TO DEFENDANT
IN THE NAME OF THE STATE OF FLORIDA
JAMES H. JACKSON, Sheriff
You are hereby notified that suit has been brought against you by the Plaintiff in the above entitled cause, and you are hereby required to serve a copy of your Answer or written defenses upon the Plaintiff, before the undersigned, at the County Clerk's Office, Room 205, Building 205, West 25th Street, Miami, Florida, on or before January 11, 1956.

Starting at the Northeast corner of Tract 32, Section 14, Township 44 South, Range 36 East, then South along the East boundary line of Tract 32 a distance of 127.5 feet to the West 1/2 corner of said Tract 32; then West 1/2 corner of said Tract 32; then South along the East boundary line of Tract 32 a distance of 127.5 feet; then East 1/2 corner of said Tract 32; then North along the East boundary line of Tract 32 a distance of 127.5 feet to the point of beginning.

These days when you can find someone who will give you almost any terms you want, keeping within your credit budget is a matter of will-power and budget balancing. Except in a crisis, it's wise not to use your maximum credit capacity, but keep it within safe limits for necessities, long-lasting goods and equipment that may help pay for itself through budget savings.

Today, credit has become almost the lifeblood of everyday

HI SCHOOL NEWS

By FRANCES SLOAN
Annual Magazine Sale

The magazine sale held annually by the Junior Class of Belle Glade High School is scheduled to start next week. The money made from these magazine sales goes to finance the Junior Senior Prom. Last year's Junior Class set the highest record ever in Belle Glade by selling \$1,873 worth of magazines.

Every imaginable magazine can be bought from the Juniors, so when they come knocking on your door consider buying from them.

New Wing Opened

The new wing to the high school has been opened providing six additional rooms for students in the 7th through the 10th grades.

The wing was started July 29 last year and completed just before the Christmas holidays. Now the high school contains elements of the 7th through 12th grades for a total of 482 students. The elementary school, grades 1-6, has 820 pupils for an overall total enrollment of 1,302 students.

New Students

Twenty new students have been added to the above total just after the Christmas holidays. Six pupils joined the junior and senior high and 14 in the lower grades.

GARDEN STUDY CLUB

Did you know that Delphiniums will grow well here? However like so many perennials (excepted last year north), they must be treated as annuals here.

Nothing you can plant will do so much as delphiniums to lift up your flower border—with beautiful spikes which also will make wonderful cut flowers. They bloom in early Spring, and again in late Spring. Handle them as plants, as it is now too late for the seeds to make mature blooming plants before hot weather next summer.

Set out the delphiniums as early as you can get them. Handle them carefully, to avoid root injury. Delphiniums do best in a sunny location, to best in a neutral or slightly alkaline soil that drains easily. Work soil full spade depth. Add half-bushel rotted compost, pint of complete plant food to each 5x5-foot area. Set plants about 30 inches apart. Set them in at level they formerly grew and fill in with loose soil. Water each plant to settle soil.

To give plants a quick boost, and to reduce shock of transplanting, give each a pint of liquid plant food. Make sure of high-analysis plant food as label directs, or add 3 tablespoons of lower-analysis plant food to a gallon of water. Stake your delphinium in (when the flower spikes start to show) to keep wind and rain from breaking them. Use metal rods or Nechid wood stakes. You can paint the stakes green so they'll blend with the plants.

The spikes to stakes in at least two places—midway and below the flowers. Use commercial ties or cloth strips of inconspicuous color. If a weaker spike breaks in spite of this, straighten it and split break with stiff wire, tying it above and below.

Never cut fresh flower spikes longer than you need for indoor flower arrangements. Keep a sharp lookout for red or black aphids beneath your delphinium leaves. To control aphids, apply liquid, pyrethrum or nicotine mixture, nicotine sulfate (40 percent), or multipurpose dusts or sprays that contain these ingredients. Repeat treatment every 10 days, or as often as needed: Cut leaves and flower spikes thoroughly. Cut off and burn any flower stem that turns black. Use a good fungicide on the plant and the soil.

To promote a strong bloom for the next blooming period, feed your delphiniums as soon as the first spikes begin to fade. Scraps a very shallow and broad furrow around the plant,

at least 8 inches out from the plant base. Then sprinkle a small handful of commercial balanced plant food in a circle around each of your plants. Flood the furrow with water after the feeding. After the water has soaked in, scrape soil into the furrow. Keep your plants watered regularly while your second crop of shoots and flower spikes is developing.

Never hoe weeds within 8 inches of your plants, and always hoe shallowly to avoid injury to roots. If the sunshine is very strong at times, it is best to mulch to keep the roots cool. Screen the soil with a 2-inch layer of lawn clippings, bagasse or peatmoss.

Several years ago, the tricolor award (for the best-growing specimen) in the show of the local flower show was won by a cut-specimen of Delphinium. This specimen was from the second blooming period of the plant! I'll say. "Delphiniums will grow well here!"

Laurie W. Tomlinson, Director of Internal Revenue for the District of Florida, in calling attention to the beginning of the income tax filing period on Tuesday, January 3, asked the cooperation of the public in putting into effect the new "self-help" program. In line with the announcement by Commissioner Russell C. Harrington under date of December 27, all taxpayers will be given necessary assistance in the preparation of their returns.

Experiments in several districts last year revealed that the "self-help" program proved its soundness by providing assistance on designated days, thus giving needed taxpayer assistance with a far more efficient use of Service personnel and, therefore, at a much smaller cost.

It is planned that a full staff of employees will be available in the Revenue Office to render

prompt assistance to all comers on special designated days and a more limited staff will be available on the other days, although some taxpayers may have to wait a little longer on the non-designated days. The Revenue Service has designated the following "taxpayer assistance days" in the West Palm Beach Office: Each Monday, and January 3, 4, 5, 6, and 31, February 1, 2, and 3, April 3, 4, 5, 6, 10, 11, 12, 13, and 14.

In past years Revenue Offices simply took taxpayers as they came in and made out the return for them. This resulted in long lines of taxpayers being served and consequent long lines of taxpayers waiting to be served.

The Revenue Service will ask each person what kind of assistance he wants. Those who simply want tax forms or have one or two questions to ask will be separated from those who desire full assistance. Mr. Tomlinson stated that, "All of our offices will adopt the 'self-help' methods in order to expedite returns."

Director Tomlinson emphasized that all taxpayers will receive whatever assistance is required but stated that the more cooperation they receive from the taxpayers, the better service can be rendered to everyone.

Telephone service is being expanded and many taxpayers will be able to call and get their questions answered while they are at home making out their returns.

Internal Service Now Has Self Help Tax Return Service

GET BETTER CROP YIELDS AS A RESULT OF SOIL TREATMENT WITH THIS TAILOR-MADE CONTROL PROGRAM

ORTHO
America's No. 1 line of agricultural chemicals

ORTHO promises nothing ORTHO has not already accomplished.

That's why your ORTHO Fieldman is able to help you so promptly. He has at his command the accumulated knowledge, technical skills and field experiences of ORTHO agricultural specialists from all over the country. In addition, he has made a special study of crop conditions in your area. He is a "crop doctor"—able to name the trouble, prescribe the remedy and supervise a control program from seedling to harvest. And, when you use the complete ORTHO program, you pay not one extra penny for the special service.

Sunday Speakers At Presbyterian Church

Mr. and Mrs. Bruce Cumming of Korea, missionaries of the Presbyterian Church, U.S., arrived here Thursday and will

MR. BRUCE CUMMING

be guests of the Everglades Presbyterian Church through Monday.

Mr. and Mrs. Bruce are formerly from Miami, where he was pastor of the Riviera Presbyterian Church, before going to Korea.

They are sponsored by the local church and will be guests of the pastor and his wife, Dr. J. Leighton Scott, on their arrival.

Mr. and Mrs. Bruce are in charge of arrangements, and they will be guests in the homes of other members of the church.

Sunday morning, Jan. 8, the

couple will bring the morning message and also at the evening service. Friday morning at 10:45 they will broadcast over WSWN.

MRS. BRUCE CUMMING

Everyone is invited to come out and hear these missionaries. They will also show colored slides and movies of their wonderful work in Korea.

ADVENTIST INGATHERING CAMPAIGN A SUCCESS

The Seventh Day Adventist church went over the top in its yearly ingathering campaign which was completed on Dec. 31.

According to reports from the local church total receipts in the five months of campaigning were \$902.84. This sum will be used for world wide humanitarian work.

ian work of the church, with approximately one-third of the sum returned to the local church for welfare work in the community.

The church wishes to express grateful appreciation to all who contributed to make the 1955 ingathering campaign a success.

Crop Labor Supply Is Balanced Here

Agriculture labor supply and demand continues to remain in even balance with some Glades crew being utilized in east coast areas on a day-haul basis, according to the Florida Industrial Commission bulletin.

In the Belle Glade vegetable shipments have experienced a holiday decline. The volume of celery and leaf vegetables for market is expected to increase. Crop growing conditions are excellent.

In the Ft. Lauderdale section labor is adequate for all preharvest and harvest demands. Organized crews and other groups from the Ft. Myers and Ft. Pierce area have supplemented the needs there.

In the Miami region preharvest activities continue on all crops. Pole bean harvest is steady due to a strong market. Tomato harvest is light due to a slow market. No definite labor shortage or surpluses exist. Only a few workers from other states are expected in at this time.

Potato harvest has started in the Ft. Myers section and the labor supply is expected to be adequate.

In the Bradenton-Sarasota section the pole bean harvest is complete and tomato harvests have reached their peak while celery harvesting was expected to get underway this week. Through the central ridge area vegetable workers are being used and activity is increasing; however, the strong demand for labor here is for citrus workers.

By Frances Sloan
Six Glades Squadron Civil Air Patrol Cadets participated in a bivouac last weekend held at Camp Murphy. The bivouac was held from Friday night and has now returned here.

Weekend Bivouac Attended By CAPC

through Sunday morning. There were many activities including lectures of the organization and purposes of CAP, for which all cadets participating will receive certificates of accomplishment.

The boys had battle maneuvers Saturday and Sunday nights. Maj. Jack Callison, Group Director of Group Five, came out Saturday afternoon and all cadets had a chance to take proficiency tests if they desired.

A party to celebrate New Year's Eve was the main event Saturday night, and it began by some cadets giving dancing lessons to the others. There was a Grand March to the Army Air Force Song and all types of dance music. The game, Charades, was played and at 12 midnight, instead of all the noise that was usually made, the group held a prayer service.

After breaking camp, Sunday morning, the Glades Cadets attended church in Ft. Pierce and later had lunch at the home of Cadet Lt. Betty Paul, also in Ft. Pierce.

Cadets attending from Belle Glade were Lt. Leo James, M/Sgt. Jeanne Willett, M/Sgt. Dorothy Irwin, Sgt. Frances Sloan, Pvt. Leonard Higbee, and Pvt. Randy Way. Lt. James was chosen as assistant Commanding Officer of the bivouac.

Maj. and Lt. (Mrs.) Al Keaton, along with some other senior members, directed the bivouac. The Glades Squadron would like to thank R. W. Griffin for the loan of his jeep over the weekend.

DECEMBER GAS TAX NETS COUNTY \$89,745 TOWARD ROAD BONDS OR BUILDINGS

Ray E. Green, State Comptroller, reports that gasoline dealers paid \$83,349.12 in this office in December for the seven cents per gallon tax on their November sales of gasoline in Palm Beach County. He distributed \$89,745.92 of this tax for road bonds or road building purposes in this county.

Sales of gasoline in the entire state totaled 103,054,369 gallons in November and the tax collected was \$7,213,805.26. This is approximately \$767,000 more than the same month last year, and represents an increase of 12 per cent.

TEAGUE VISITS ALABAMA

S. L. Teague, Sr., was on a business trip during the holidays to Montgomery, Dothan, at Camp Murphy. The bivouac was held from Friday night and has now returned here.

Episcopal Vestry To Elect Officers

Next Tuesday the vestry of St. John the Apostle Church will meet to elect officers for the coming year. The present officers are: Dr. G. R. Townsend, senior warden; Donald D. Parke, junior warden; G. E. Averill, clerk; and F. M. Lively treasurer. Other members are W. D. Matthews and E. S. Roberts.

The vestry will meet at the Epistle for the Feast of the Circumcision last Sunday in the Episcopal Church of St. John the Apostle, "At the name of Jesus every knee should bow."

Father Petrie said it was one of St. Paul's strongest statements on the divinity of Christ. But the preacher added, "The whole New Testament assumes that Jesus is divine. We become so used to Christ's words we often overlook their underlying implication. For instance, when Jesus said, 'I am the Son of God,' it was an assertion of His godhead. To give a cup of water in His name; to gather together in His name; to ask in the name of Jesus; blasphemy coming from a mere human being."

Father Petrie continues his series on the Creed next Sunday, preaching on "The Holy Family" as part of the article, "Jesus Christ, his only Son our Lord."

Presbyterian Circles Hold Regular Meeting

Circle No. 2 of the Everglades Presbyterian Church met at the home of Mrs. Gene Beck Tuesday night. Mrs. J. Leighton Scott, opening the meeting with prayer.

Mrs. Mildred Booth gave Bible Study on "Creation of Tradition," and Mrs. Tommy Parker gave the "To Talk About."

Others present were Mrs. Lawrence Bennett, Mrs. Ruth Spomer, Mrs. Bob Lanier, Mrs. Hagan Powell, Mrs. John Kinlaw, Mrs. Warren Hunt, Mrs. Beck served refreshments.

Circle No. 3 met at the home of Mrs. Ruth Barton Tuesday night. Mrs. Arvin Zumpf gave devotion on "Take Thou My Hand."

The Bible Study was given by Mrs. Clara Glorhill on "Abraham and Isaac, the creation of tradition." Mrs. Spence Whitlock gave the talk about on "Christian Relation."

Others present were Mrs. Betty Lutz, Mrs. L. L. Price, Mrs. John Randolph, Mrs. Robert Roadman, Mrs. J. Leighton Scott, Mrs. Myron Ludlow, Mrs. Chester Zumpf, and Mrs. M. E. Griffin.

Churches of Christ, Scientist The purifying power of true prayer will be set forth in the Lesson-Sermon entitled "Sacriment" at Christian Science Service this Sunday.

Bible passages will include the counsel of Christ Jesus regarding prayer (Matt. 6:8): "But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly."

Ever since the time of Abraham, the epoch-making events of religious history have taken place around the lives and works of men of like spirit. They braved great danger and suffered much hardship for the sake of religious freedom.

God keeps His place of leadership in the upward climb of civilization. He works through the agency of those who will not be bound by the fetters of idolatry or yield to the tyrannies of religious despots. Truly, the spirit of man is the candle of the Lord.

PRAYER We thank Thee, dear Father, that Thou dost expect great things of us. Help us to have a realization of the sacredness of man. Grant us a growing appreciation of the importance of our task in helping to win all mankind into the fold of Thy loving compassion. This we pray in the name of Jesus, our Saviour. Amen.

THOUGHT FOR THE DAY We are laborers together with God. Roy E. Whitehead (Iowa)

CHURCHES

shall reward thee openly."

The Continuing the explanation of prayer, a correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (15:9): "The others present were Mrs. F. C. Markham, Mrs. Dalton Harrison, Mrs. Barney Collier, Mrs. Luther Jones, and Mrs. Jack Little."

Next month the group will begin the study course on "The Tribes Go Up."

The Hannah Soggins Circle met at the home of Mrs. S. M. McAllister at 8 p.m. Tuesday evening. A program on the review of the first three chapters of the study book, "Tribes Go Up," was given by Mrs. McAllister.

Others present were Mrs. Clyde Parrish, Mrs. Edie Maxwell, Mrs. Vernon Jones, Mrs. Henry Earwood, Mrs. N. Q. Geer, Mrs. G. W. McClure and Mrs. Carl Hayes.

First Baptist Church January Bible Study Classes Begin Jan. 9

Dr. Tommy Forsey will teach the first session of the January Bible Study entitled "Teaching of Jesus in Matthew 5-7." Classes will begin Monday night, Jan. 9, at 7 p.m. and will continue each Monday night during January. The session will last until 9 o'clock with a break for refreshments. This is an excellent opportunity for a closer study of the Sermon on the Mount.

Beginning this month the younger chorists of the Church will appear on a Sunday evening service once a month. The Rhythm Band will play the second Sunday night, the Church Choir on the third Sunday night and the Carol Choir on the fourth Sunday night of the month.

A class for those interested in playing hymns and for congregational singing will begin this Monday afternoon at 3:30 p.m. This will be geared especially for pianists in the departments of Sunday School and Training Union. It will not be for beginners.

The church welcomes back to the pulpit this Sunday its pastor, the Rev. Dr. J. Leighton Scott.

First Baptist Circles Hold Tuesday Meetings

The Ila Darden Circle met at the home of Mrs. T. Pennington Tuesday morning at 9:30. Mrs. Russell Fox opened the meeting with prayer.

Mrs. Ray Browne was in charge of the program on "Tribes Go Up." Others present were Mrs. O. H. Smith, Mrs. Russell Fox, Mrs. Rufus Motes, Mrs. E. D. Humphreys, and two visitors, Mrs. Marvin Unwin and Miss Betty Pen.

St. Philip's Catholic Church will have a Christmas Eve service at 7:30 p.m. on Wednesday. The service will be held at the church.

TODAY'S meditation

THE WORLD'S MOST WIDELY USED DIVINATIONAL GUIDE

Read I Corinthians 3:5-11

The spirit of man is the candle of the Lord. (Proverbs 20:27)

Abraham longed to become free from the idolatry practiced by most of the people in Ur of the Chaldees. By faith he went out in search of a place where he could worship the one true God. In the land of Canaan his altar fires burned. They burned with slow, suggestive of the fires of faith and hope that burned in the soul of Abraham. His land of promise became the cradle of Christianity.

Ever since the time of Abraham, the epoch-making events of religious history have taken place around the lives and works of men of like spirit. They braved great danger and suffered much hardship for the sake of religious freedom.

God keeps His place of leadership in the upward climb of civilization. He works through the agency of those who will not be bound by the fetters of idolatry or yield to the tyrannies of religious despots. Truly, the spirit of man is the candle of the Lord.

PRAYER

We thank Thee, dear Father, that Thou dost expect great things of us. Help us to have a realization of the sacredness of man. Grant us a growing appreciation of the importance of our task in helping to win all mankind into the fold of Thy loving compassion. This we pray in the name of Jesus, our Saviour. Amen.

THOUGHT FOR THE DAY

We are laborers together with God. Roy E. Whitehead (Iowa)

Be happy...go 'lectric!

Wonderful way to do housework! Just flip the switches of electric dishwashers, ranges, home laundries... let Roddy do the chore! Best of all, your electrical helpers work for just a few cents a day!

Choose for yourself—it's cheaper to go all-electric in your kitchen and laundry than to use a combination of fuel! Besides this economy, electricity gives you these advantages:

- COOL... doesn't heat up the house!
- White-glove CLEAN... no soot or soot!
- SAFE as electric light... and just as economical!

In Florida, "modern" means **ELECTRIC!**

Christmas Seal Sale Ends Officially Here

December 31 marked the official close of the 49th annual Christmas seal sale in this county; however, there is no deadline for contributions to the work of the Palm Beach County Tuberculosis and Health Association, according to A. Parker Bryant, county seal sale chairman.

Bryant expressed appreciation to all who bought and used Christmas seals and to the 2,200 volunteers from 52 organizations, all newspapers, radio and television stations and others throughout the county who helped sell the seals.

Total contributions to date amount to \$31,458.76, which is less than last year's total of \$38,900.

Totals from towns in the Glades are as follows: Belle Glade, \$805.65; Pahokee, \$338.46; Chosen, \$16.00; Lake Harbor, \$33.00; Canal Point, \$209.00; South Bay, \$93.00; Bean City, \$6.00, and Bryant, \$15.

GOODYEAR DRY CHARGED BATTERIES

Here's what Goodyear DRY CHARGE MEANS TO YOU

It looks high priced ...but it's the '56 Chevrolet!

THE NEW BEL AIR SPORT COUPE—one of 19 high-priced-looking Chevrolet models.

It looks high priced ...but it's the '56 Chevrolet!

Who wouldn't mistake this handsome new Chevrolet for a high-priced car!

It looks strictly "upper bracket" with its bold new Motorama styling... its longer, lower hood... its proud new grille that spans the full front end.

Even the details would credit to an expensive car... like the sleek, high-fashion taillights (the left one hides the gas cap!).

But, even beyond the costly appearance of its Fisher Body, Chevy gives the high-priced cars a run for their money. For it's one of the few great road cars built today!

It brings you the added security of nailed-down stability on turns and lightning acceleration for safer passing. Horsepower now ranges all the way up to 205! All engines now have hydraulic-hushed valve lifters.

Of course, Chevrolet has safety door latches in all models. In addition, you can have seat belts, with or without shoulder harness, and instrument panel padding at extra cost.

There's a new Chevrolet just made for you. So come in and highway-test it.

On The . . . STREET CORNER

Facts from the Who Cares Department: There were 211 new TV antennas put up in 1955 in Belle Glade. See? Somebody's making money!

Manager of the local radio station, Garnett Merck, left his money for Atlanta to report to higher headquarters. There's a rumor that he won't come back because none of the new things were anything said about it.

Hurrah and Who! The police department has painted stop signs on the streets where no permanent sign has been placed. Avenue D by the post office is now being made 2-way instead of the confusing one-way set-up we mentioned. All-so pretty yellow stripes across the streets have been painted on the streets!

Contractor Joe Freedlund and his men are completing the bases for the new street lights and the F&P says they'll fix the poles "as soon as possible."

The last straw. Seems a local eatery has a hole in its window. Somebody said it was a lady tossed a salad shaker at her husband missed, but it's not been confirmed. Oh, darling, I've missed you so! Take better aim.

New Year's Eve Party Held By Jaycees

Members of the Jaycees and their wives, the Jay-Cettes, enjoyed a New Year's Eve party at the home of Mr. and Mrs. John Kinlaw.

The group played games and favors were given at midnight when a midnight snack was served. Ten couples were present.

WYMAN & PREFFIX (Continued from Page One) standard telephone numbers throughout the nation and Canada.

West Palm Beach and Lake Worth will also adopt a similar system soon.

When calling Pahokee, persons here will dial "4" instead of "8," as they do now. In Pahokee when dialing to the Belle Glade exchange, persons will dial "8," then WY 6, and then the number they desire.

Manager Reddy said that a new directory will be distributed just prior to the change. It will contain all the new numbers.

Only in few cases, if any, will the last four numbers be changed from what they are now for all local telephone.

"Work on this big undertaking has been going on for some time and involves construction costs in additional dial equipment, building additions, and buried cable approximately a quarter of a million dollars. Of course, in adding these facilities Southern Bell is providing for growth in our rapidly expanding area," Reddy said.

The new addition to our local office will house new equipment being constructed by Western Electric's Hawthorne works in Chicago. The equipment is in its final stages of test.

Reddy cautioned subscribers not to publicize new numbers in any way prior to the change on March 4, since use of the new numbering plan before that date would result in an incomplete call.
